KM Report

A documented courier case

2025 mileage records used in a Danish tax proposal

PROPOSAL DATED 16 OCTOBER 2026

One case. Two matching records.

33,665.92 km

reported across 276 working days in 2025

Submitted mileage report

Daily records, a yearly total and disclosure of the data source.

SKAT proposal + annex

A proposed calculation using the same mileage total, with commuting added.

The report declared its source

Kurerpartner:

Leveringsby:

Data for: Kilometer kørt online i Wolt Partner-appen

Dokumentation og kontrol

Opgørelsen bygger på kørsels- og leveringsdata fra brugerens Wolt Partner-konto. Den tidligere Wolt-kilometerrapport er ikke længere tilgængelig for brugeren. Rapporten er derfor brugerudarbejdet og ikke udstedt af Wolt Danmark ApS. Skattestyrelsen kan ved behov kontrollere oplysningerne direkte hos Wolt Danmark ApS efter skattekontrollovens regler om tredjemandsoplysninger, herunder § 61.

Indeholder registrerede værdier og estimater.

SKAT issued a proposed decision

SKATTE
STYRELSEN

Vi sender dig her et forslag til afgørelse om din skat

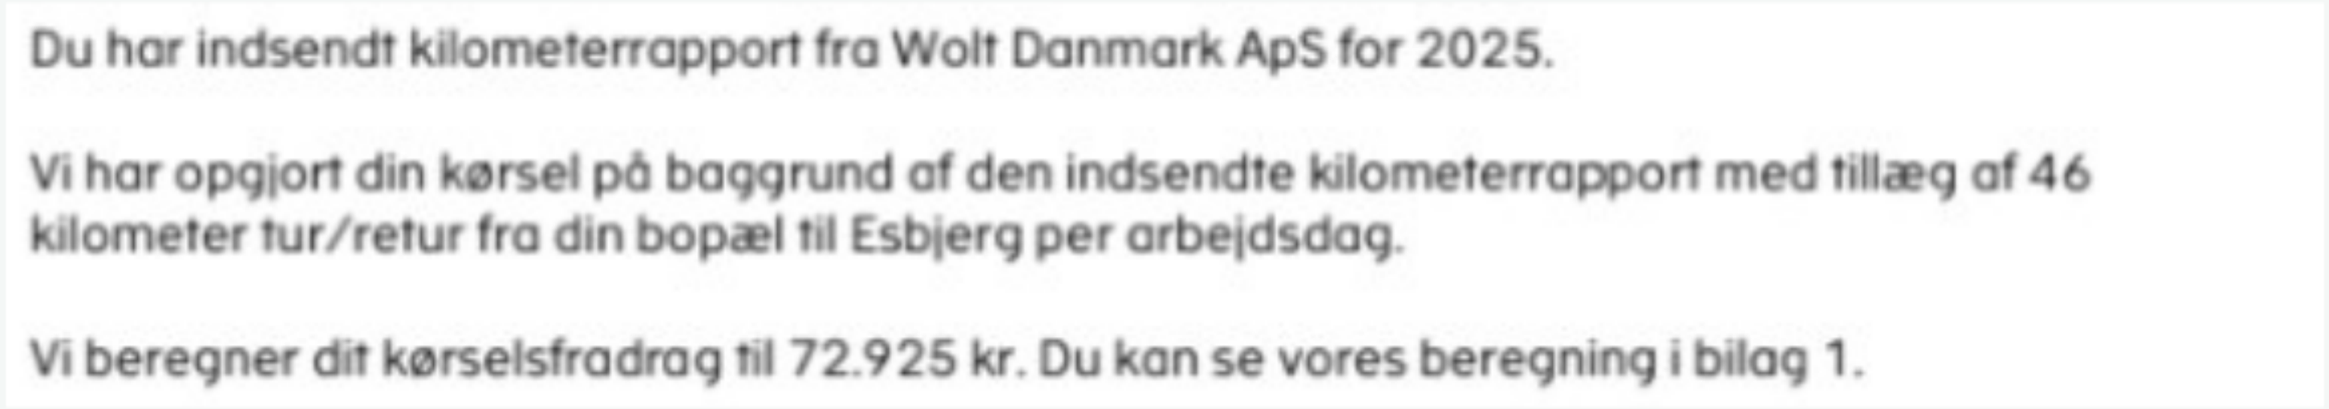

Skattestyrelsen har gennemgået din anmodning om ændring af din skat. Derfor får du på de næste sider et forslag, som viser vores opfattelse af sagen. Hvis du er uenig i det, vi skriver, kan du komme med dine bemærkninger, før vi træffer afgørelsen. Hvis du er enig, behøver du ikke at gøre noget, og du kan efter fristen se resultatet på din nye årsopgørelse.

“A proposal for a decision on your tax”

The letter documents SKAT’s proposed treatment of this individual case.

A final decision was not supplied.

SKAT describes using the report

Du har indsendt kilometerrapport fra Wolt Danmark ApS for 2025.

Vi har opgjort din kørsel på baggrund af den indsendte kilometerrapport med tillæg af 46 kilometer tur/retur fra din bopæl til Esbjerg per arbejdsdag.

Vi beregner dit kørselsfradrag til 72.925 kr. Du kan se vores beregning i bilag 1.

“We calculated your driving using the submitted mileage report, adding 46 km of return commuting per working day.”

English translation of the Danish excerpt above

The same mileage total appears in the annex

Calculation component	Amount	Unit
Submitted report mileage	33,665.92	km
Additional commuting distance	12,696.00	km
Distance in SKAT annex	46,361.92	km
Proposed deduction	72,924.51	DKK

SKAT rounds the proposed deduction to DKK 72,925.
This is a deduction from taxable income, not a cash refund.

What this case establishes

Documented evidence

The report and annex share the same mileage total.

SKAT states that it used the submitted report for its calculation.

Scope of the evidence

One individual case at proposal stage.

The documents do not approve the app or explicitly approve its estimation method.

A starting point for couriers and advisers

Make the records easier to review.
